

# Screw O.D. Measuring Micrometers

*Measure Your Screws Yourself  
To Save Time & Money!*

*Quick - Simple - Accurate*

Screw O.D. Measuring Micrometers allows precision measuring with 0.0001" or 0.01mm graduation. Deluxe heat insulated forged steel frame and carbide tipped construction are designed for solid performance and long life. Micrometers have a ratchet stop and lock nut to ensure exact repetitive readings. Bar is precision-welded in place at 0.000"/0.00mm point for accurate measuring. All micrometers comes with appropriate standard and wrench.
