CUSTOMER NAME: _____ CONTACT: _____

CUSTOMER NO.: _____ PHONE NO.: _____ FAX NO.: _____

SPECIFICATIONS

1. Machine Make & Size _____

2. Material: Nitralloy 135m Steel Nitride Hardened D-2 Heat Treated Steel
 4140 Heat Treated Steel I.D. Surface Treatments (Chrome, TiN, Armoloy, Other)
 H-13 Heat Treated and Nitrided Steel

3. Dimensions (to .001"): _____

- A. Overall Length _____
- B. Nozzle Thread Depth _____
- C. Flange Width _____
- D. Counterbore Length _____
- E. Nozzle End Diameter _____
- F. Thread Size & Pitch _____
- G. Interior Angle _____
- H. Nozzle Bore Diameter _____
- I. Rear Opening _____
- J. Counterbore Diameter _____
- K. Depth of Straight Bore _____
- L. Major Diameter _____
- M. Length of Straight _____
- N. Bolt Counterbore
Depth (if any) _____
- O. Bolt Counterbore
Diameter (if any) _____
- P. Bolt Hole Diameter _____
- Q. Number of Bolt Holes _____
- R. Bolt Circle Diameter _____
- S. Bolt Hole Position
(if not on center) _____
- T. Nozzle End Width _____
