

Automate the Blending and Loading Process

Complete Blending and Loading System in One Simple Piece of Equipment

- **Manufactured in America**
- **Ideal for loading materials at exact ratios**
- **Highest Quality Components**
- **Revolutionary Ratio Metric Blender**
- **Blend while you load - up to 1,000 lbs. per hr.**
- **Blend recipe at you fingertips**
- **JIT Blending right at the machine throat**
- **Innovative Free Flow "No Plug" Accelerators by Kemp**
- **Shipped installation ready**
- **1 hopper for fast & efficient cleanup**
- **Easy Maintenance with push/pull assembly - no tools required**
- **No intermixer needed**
- **Pneumatic blending and conveying with virtually no moving parts**
- **Lowers Your Costs by Using Your Regrind and Blending it with Colorant**

Simply set your recipe blend percentages
ie: Virgin at 90.0%,
Regrind at 10.0%,
Colorant at 1.0% and
Additive at 2.5%
(Control Box Included)

Savings Accuracy
Colorant $\pm 4/10$ th of 1%
Additive $\pm 4/10$ th of 1%
Regrind $\pm 2\%$
